

Newsletter from August 23rd, 2025

Dear Cranio Community,

Greetings from sunny South Florida and Mango heaven. Cathy and Michael have started to pack their bags for their travels this fall and look forward to seeing many of you in class.

His new book **The Biodynamic Heart** is being released mid-August 2025 and can be purchased through many different book outlets including Amazon in Europe. You can find a picture of the [cover](#) of the book and part of the [introduction](#) (English and German) on our [website](#). Right now, the book is only available in English. Michael is very excited as this is the biggest book he's ever done.

He has also been giving interviews about his new book. You can find the latest television interview and other ones (only English) [here](#) on our website.

Michael is already starting on his next book on Biodynamic Embryology which is the topic he will be teaching in the fall of 2026. More about next year's courses will be available by the end of this year.

Michael is teaching a basic biodynamic cardiovascular course in Vienna on the embryonic development of the heart and vascular tree, also this fall. There are still spaces available if anyone would like to take the course or have a friend that might be interested. Please contact Nora Wisiak at: [Email](#) and [Website](#).

Some of you already know, Franklyn Sills died August 11, 2025 at his home in England. He died peacefully. He was a great pioneer in the field of biodynamic craniosacral therapy. He was a kind and generous person and Michael is grateful for all the quality time he had with him both in the classroom and outside of the classroom. He will always remember Franklyn's great sense of humor. Michael been asked to facilitate a memorial for him on Monday, September 1 at 2 PM Eastern time. Here is the [Zoom Link](#) if you would like to attend and either watch or make a contribution. If you met him, you most likely have a story to share!

The classes in Germany organized by Almut are all full right now but we are happy to accept people on our waiting lists. If you are flexible you may have a chance to get in one of them. The topic is "Ignition in life and Death" and you can find more info [here](#).

Much love to all of you and we look forward to seeing you soon.

Blessings, Almut and Michael
