

## Newsletter from October 17<sup>th</sup>, 2023

Dear Cranio Community,

now we finally have all the information together for the courses in 2024 that Michael Shea will teach in Germany. All information like flyer, registration form and general terms and conditions are available for download on our website ([www.sheaheart.de](http://www.sheaheart.de)). I am happy to accept your written registrations now. We are happy that we could even organize a 4th course in May 2024 additionally, so that the many pre-registrations and calls can be distributed a bit more.

Michael continues to work very intensively on his new book "The Biodynamic Heart". And we have had first discussions for the eventual German translation of his book "The Biodynamics of the Immune System" from this year (January 2023). This is of great concern to us so that many more people can benefit from his books.

For those of you who would like to attend the upcoming courses but need or want more preparation, we have put together packages of the last two courses (fall 2022 and spring 2023). Please contact me, Almut, for more information.

Love, Almut and Michael
